This beautiful five act play will be presented by the Templeton troupe, at DeGive's tonight. Little May will appear in her beautiful songs and dances. In addition to this, the Leon Brothers will perform some of their wonderful acts. This excellent company will doubtless receive a very liberal patronage.

Left to Herself.

This is the title of a volume just out, from the publishing house of J. B. Lippincott & Co., Philadelphia, and for sale in Atlanta by Phillips & Crew.

This is as fascinating a story as we have recently read. It draws with great skill various characters of woman, and so well that only a woman could have done. The nobler and ignobler traits are vividly brought out, and the disastrous effects of an education without religious influences and the power of these influences over the mind, spirit, and life, are delineated with clearness and force. Dramatic scenes are numerous, and the plot grows exceedingly intricate, till you have the heroes and heroines brought together, even physically, in the compass of a room, and matters are apparently inextricably confused, everything being just what no one wished it to be, and none more so than the reader. Yet the whole thing is a natural picture of characters, men and women, moving and acting upon the stage of every day life. So deep was the reviewer interested that, once the book was taken up, it was not laid down till the "wee small" before day.

Call at Phillips and Crew's for the volume.

Fire — Water Works and other Matters

ROME, January 10, 1872.

Editors Constitution: Last evening, between seven and eight o'clock, the flouring and planing mills of Mr. E. A. Smith was destroyed by fire. Being a witness to the efficiency of the water works in saving property that otherwise must have been destroyed, I write you the particulars with the hope that they may impress upon the proper authorities in Atlanta the importance of immediate action towards providing that city with water works. And we believe that all who are indifferent to its importance, not to say necessity, would, had they witnessed the fire here last night, not say Atlanta cannot afford to have water works, but Atlanta cannot afford to be without them.

The building destroyed was a large three-story wood building. On one side against it were large piles of lumber, immediately in the rear a large quantity of pine cord wood, and scraggly feet distant quite a large wood building. When the fire was first discovered it seemed to all over the building, yet so prompt were the powerful streams of water from the hydrants that the fire was confined to the building in which originated. Neither the wood nor the lumber were destroyed, and a portion of the frame is left standing. Considering the combustible character of the building and its contents, and of that immediately surrounding it, nothing short of the flood of water that the water works poured upon it could have prevented its spreading to adjoining buildings, and of destroying property to half the cost of the water works complete.

We learn that there was much opposition to the water works here, by parties who are not up to this progressive age. But to-day, you could not find a man in Rome who opposed the scheme, who is not now a strong advocate of it, and ready to thank those who were active in carrying it to successful completion. We understand the citizens contemplate having soon a formal opening, or celebration of its completion, and will invite a delegation from Atlanta and other places to witness its success. We hope Atlanta will respond with a large delegation, and feel sure that all who witness it will return strong advocates of at once commencing water works in Atlanta.

We understand that the works here were built by Noble Bro's, of this city, and Atlanta might derive much benefit from consulting them. Certainly we hope the works, when built, will be built by citizens of our own State.

Rome is a lively city, is steadily growing in wealth and enterprise, and is already supplying several articles of manufacture now produced in any city South of Louisville, and nothing is wanting to make her, at no distant day, a large and flourishing manufacturing city, but individual energy, pluck, and enterprise. All these we believe she already possesses. W. G.

☞ A Radical exchange predicts the success of the Democracy in the special election for Governor of Georgia, and says the State is completely under the control of the Ku-Klux. Such a statement is supremely ridiculous—we mean the last part of it. That the election has gone as predicted (it took place on the 19th, and we have no news yet,) we have no doubt; but the Ku-Klux part of it is at once horrible and disgusting. That the people of Georgia are law-abiding, no more conclusive argument can be advanced than the fact that Grant has not yet declared martial law in that State. He has long been watching for an opportunity to make another Poland of Georgia, as a punishment for spewing the carpet-bag thieves out of her mouth, but she refuses to be provoked, and will keep the even tenor of her way "though navies sink or cities flame."—*Sacramento Reporter.*

GEORGIA LEGISLATURE

SENATE.

MONDAY, January 15, 1872.

The Senate met at 10 A. M. President Trammell in the Chair.

Prayer by Rev. Mr. Hornady.

The roll was called and the journal approved.

Mr. Simmons moved to reconsider the resolution adopted on Saturday directing the Committee on Privileges and Elections to consider and report upon certain charges made against Senator Campbell by the Savannah Republican. The motion prevailed.

Mr. Simmons offered the following amendment:

Whereas, It is well known to this Senate that the Senators from the 2d and 7th during the last session left their seats without the consent of this body; therefore,

Resolved, That said committee be instructed to inquire into and report upon the conduct of those Senators in so doing.

The amendment was agreed to.

BILLS ON FIRST READING.

Mr. Trammell—A bill to incorporate the Georgia Industrial and Banking Company, and for other purposes.

Mr. Nicholls—A bill to remove the county site of Lee county, to provid compensation for owners of real estate, and for other purposes.

Mr. Cameron offered a resolution directing the Comptroller General to desist from issuing executions against wild lands until further instructed by the General Assembly, which was adopted.

On motion of Mr. Reese, the rules were suspended to take up a House bill to create a county court in each county of the State of Georgia, except certain counties therein mentioned, which was read the first time.

Mr. Brock offered a joint resolution, that the Governor be authorized to negotiate and use the sum of three hundred thousand dollars for the purpose of paying the teachers of Public Schools appointed under the act approved October 13, 1870.

Mr. Hinton moved to lay the resolution on the table, and said it was unconstitutional because it appropriated money, and could not therefore originate in the Senate.

The resolution was withdrawn.

Mr. Welborn moved to refer the resolution to the Issues Committee.

Mr. Brock moved to amend by referring it to the Committee on Education. He thought some action ought to be taken now, and had no objection to reference to the Finance Committee if that Committee will report at the present session. The amendment was lost, and the motion to refer to Finance Committee prevailed.

Mr. Lester offered a joint resolution, that both Houses of the General Assembly take a recess from Friday next until 10 o'clock A. M., on the third Wednesday in July next. Adopted.

A House bill on first reading to provide for the exchange of bonds after payment of interest thereon.

Mr. Lester offered a resolution adding Hon. B. F. Hutton to the list of Commissioners appointed to vote the stock of the State in the Atlantic and Gulf Railroad, which was adopted.

BILLS ON FIRST READING.

Mr. Hillyer—A bill to incorporate the Atlantic and East Tennessee Railroad Company.

Mr. Lester—A bill to prohibit the catching of fish by seines within one mile of the islet of Hope.

Mr. Reese—A bill for the relief of Arthur J. Butts.

Mr. Richardson—A bill to amend the road law, so far as relates to Lumpkin, White, and Daw on counties.

Mr. Shannon—A bill to make the fees of the Tax Receiver and Tax Collector of Bibb county uniform.

Mr. Reese—A bill to incorporate the town of Jefferson, Jackson county.

On motion of Mr. Erwin the House resolution providing for a joint committee to inquire into and report by Tuesday what bills were passed by both houses at the last session and sent to the Executive, and which do not appear in the published copy of the laws of last session, was taken up and concurred in.

A House resolution relative to freights and charges on railroads, and appointing a committee to inquire what action should be taken in reference thereto, was concurred in.

A House resolution to authorize the Representative of Brooks county to pay over to the Treasurer one hundred dollars, improperly paid to the Sheriff of said county, was concurred in.

A House resolution relative to the removal of all political disabilities in this State, was concurred in.

Bills were read the second time.

A bill to amend an act creating a board of commissioners of roads and revenue of Glynn county, was passed.

On motion, the Senate adjourned until 3 o'clock, P. M.

HOUSE.

The House met at 10 o'clock, A. M., and was called to order by the Speaker.

Prayer by Rev. Mr. Heidt.

The journal was read and approved.

Mr. Snead moved to reconsider so much of Saturday's proceedings as relate to the passage of a bill to levy and collect a tax for the year 1872, with a view to striking out that clause which lays a special tax on liquor. He contended in a good speech that the said tax is illegal, unreasonable, and impolitic.

Mr. Hoge said he was in favor of the motion.

Mr. Simmons, of Gwinnett, agreed with Mr. Snead, and argued that the tax on liquor was clearly unconstitutional because not *ad valorem*, besides, experience has shown that onerous taxes on liquor by no means abated the use of it.

The motion to reconsider prevailed.

Mr. Snead moved to strike out the said section.

Mr. Heidt opposed the motion at length, urging the bad effects resulting from the sale of liquor. He said that he had listened to the arguments of the lawyers on this floor, but that they differ on all questions, including this one, so much that he could not attach much weight to their opinions.

Mr Gray moved to lay Mr. Snead's motion on the table. Lost, and the motion to strike out prevailed.

The bill as amended was then passed.

The bill to raise a revenue, etc., for the year 1872, was read second time

A resolution by Mr. Hall, of Meriwither, asking Congress to remove the disabilities of persons in this State was read.

Mr. Hall supported his resolution in a few well-timed remarks, and it was unanimously adopted.

A resolution by Mr. McWhorter, providing that this General Assembly will take a recess from Thursday next until the 2d of July next, went over under the rule, as did a resolution by O'Neal, of Baldwin, providing that the next session be held in Milledgeville.

Mr. Simmons, of Gwinnett, moved to take up a resolution authorizing the payment of $2,500 for each of the years of 1869, 1870, and 1871, to the State Agricultural Society, under an act passed in 1869.

Messrs. Davis of Newton, Simmons of Gwinnett, made earnest appeals in behalf of the resolution. The resolution was adopted.

The Senate resolution providing that the General Assembly will take a recess from Friday next the third Wednesday in July next, was taken up and concurred in.

A number of House bills were read the second time.

A resolution by Mr. Hoge authorizing the Governor to employ additional secretaries, was adopted.

On motion the House adjourned until 3 P. M.

RAPID EATING.—A recent writer treating of Russian customs, give some facts which deprive the Americans of their exclusive claim to the habit of rapid eating. The Russian takes one third of his meal standing at one table, and then sits down at another table to finish; both operations being dispatched with all possible expedition, eating being the only thing which a Russian does in a hurry. "Luncheon bars" are said to be almost as bad for health as liquor bars. The mischief of rapid eating is enhanced by an erect posture. No doubt a great deal of the "indigestion" now so generally complained of, results from hasty swallowing of food. Time saved in such a way is worse than time lost.

RAIL TO THE PACIFIC.—The experience of the present winter has demonstrated the need of a Southern railroad route to the Pacific. Up to this season, the Union Pacific road has escaped the anticipated dangers of being "snowed up" in the winter months. But now the perils have been fully realized. There has been an almost constant succession of interruptions every few days, and the telegraphic lines of four trains detained two days near Sherman waiting to be shoveled through, a process that has been already repeated thrice this winter. These facts prove the need of a route through a milder climatic region and will give impulse to the Southern line now in progress.—*Index.*

FEMALE MEDICAL STUDENTS.—It is officially stated that the Faculty of Medicine of Moscow, with the full concurrence of the Council of the University of Moscow, has decided to grant to women the right of being present at the educational courses and lectures of the Faculty, and to follow all the labors of the Medico-Chirurgical Academy. The tests of capacity will be precisely the same as for male students. The Emperor has issued an order enlarging the existing institutions for instructing women in midwifery, and authorizing them to act as surgeons, to vaccinate, and to be employed as chemists.—*British Medical Journal.*

SHIPMENTS OF OYSTERS TO LIVERPOOL.—An exchange says: A steamship is *en route* from Liverpool to Philadelphia to load with oysters for the first named market. John Bull hardly knows what a good oyster is. Those found on the English coast are small and tasteless.

If the English want good oysters they should send to Norfolk for them. Here they can be procured fresh, large and luscious. We learn that a considerable quantity has been shipped from this city to Liverpool during the present season, and arrangements have been made for a heavy shipment as soon as the weather becomes colder.

The following gentlemen have consented to act as Commissioners, and will, either by a Committee from their own body, or by Special Trustees appointed by themselves, receive and take proper charge of the money for the Monument, as well as the Real Estate and the United States Currency, and, under instruments for subscription, and will determine upon the plan for the Monument, the description thereon, the site therefor, select an orator for the occasion, and appoint the ceremonies to be observed when the corner stone is laid, to wit:

General L. McLaws, Gen. A. R. Wright, Gen. M. A. Stovall, Gen. W. M. Gardner, Gen. Goode Bryan, Col. C. Snead, Col. Wm. P. Crowford, Major Jos. B. Cumming, Major George T. Jackson, Major Joseph Ganahl, Major I. P. Girardey, Hon. R. H. May, Adam Johnston, Jonathan M. Miller, W. H. Goodrich, J. D. Batt, Henry Moore, Dr. W. E. Dearing.

Agents are allowed twenty per cent. They are required to pay their own expenses; Tickets and Circulars alone being furnished them. They will remit weekly, the amounts from Sales received, less their Commissions. (No Commissions will be deducted from simple contributions.)

The Price of Tickets (five dollars) will be the same until the First day of February next, on and after which day it is proposed that one-half the Tickets unsold will be withdrawn, the remainder to be sold at Ten Dollars each, the purchaser to be on same footing in every particular with those previously sold.

On account of the very great labor required of the General Agents, the offered services of one or more prominent gentlemen, well and favorably known throughout the South, will be accepted to act with us.

Parties desiring to contribute to the Monument, and who do not wish to participate in the award, will receive a special receipt. The money will be turned over to the Treasurer, and will be appropriated to the Monument without any deduction whatever.

A Missing Ordinary.

About four weeks ago a meeting of some of the citizens of Brunswick was held for the purpose of obtaining from Ordinary J. F. Roe a report relative to the disposition which he had made of three hundred thousand dollars worth of Brunswick bonds. The Ordinary stated that they were deposited in New York banks. The citizens referred to, appointed a gentleman to proceed to New York and ascertain whether the statement of the Ordinary was correct. The gentleman hastened to New York and ascertained that only ten thousand dollars worth of the bonds were deposited in New York banks, and those in the individual name of Roe.

Three weeks ago Roe, who is a Massachusetts man, was in Savannah, but since that time has been missing.

A Proclamation Journal at Last.

The time has finally come when THE ATLANTA CONSTITUTION can alter its course and become the publisher of Gubernatorial proclamations. For years we have spurned them. We rejected them again and again at the hands of Bullock, and again, but recently, at the hands of Conley. We did this, as our brethren of the press must bear witness, disclaiming any reflection upon those considering the matter in a purely business light. But situated at the capital of the State, we felt it to be our duty to the press and the people to keep entirely clear of all contact with the vampires sucking the life-blood of our noble old State. We, therefore, closed our columns against the advertisement of official proclamations, that would have emptied thousands of dollars into our coffers. We rejoice that a brighter day has come; that Georgia is redeemed under the control of a faithful and upright Democratic Legislature and a noble, honest Executive, who will guard the people's money with sleepless vigilance and incorrupt integrity. In our dark night of woe, we looked forward with unshaken faith to this happy day, and struggled with unabated zeal for our people's redemption. And it has come. Its full blaze is upon us. The people rejoice, and we do not believe that any one will chide us, if in mingling with the general joy, we remember with some degree of elation our implacable resistance to the overtures and patronage of enthroned Radicalism. It is therefore with no ordinary pleasure that THE ATLANTA CONSTITUTION becomes at last a "proclamation paper."

The Georgia Western Road.

In our last article, we showed how Atlanta was losing trade, that she must substitute in order to keep up her progress, and that the Georgia Western Road opened up a new and vast source of business that should be utilized at once and at any cost.

This road not only gives us a new and rich section of country as a tributary to Atlanta, but places us in closer connection with many commercial points of importance than we now are.

The figures we give are, of course, proximate, as the precise line of the road is not yet known.

Carrollton will be 33 miles nearer to Atlanta by this road than by the Cartersville and Van Wert Road; Talladega 57 miles nearer than by Rome; Elyton 44 miles nearer; Jasper 44 miles; Aberdeen 160 miles nearer than by the Mobile and Ohio and Memphis and Charleston Roads; Grenada, 116 miles nearer.

The country through which the Georgia Western passes is a very rich one, and its local business alone would make it worth the cost of construction to Atlanta, apart from its immense value as a direct inlet for the trade of the great West.

It passes through five counties of Georgia—Campbell, Carroll, Paulding, Harralson and Heard—that had in 1860 a population of 41,164, improved farms of 215,475 acres, worth $4,736,848, live stock worth $1,219,108, and raising 1,083,997 bushels of corn 186,787 bushels of wheat, 17,871 bales of cotton, and oats, peas, honey, butter, sweet potatoes, etc., in proportion.

It will draw tribute from thirty-three counties in Alabama having 640,149 people in 1860; improved farms of four million acres, worth ninety-five millions of dollars, raising twenty millions bushels of corn and other products in proportion.

It will also draw tribute from twenty-two counties in Mississippi with 350,000 population, and farms, products, and stock in proportion.

This will give a grand aggregate of tributary country having in 1860 a population of one million, with seven millions of acres of improved farms worth two hundred millions of dollars, live stock worth fifty millions, raising forty millions bushels of corn, two millions bushels of wheat, a million and a quarter bales of cotton, five millions bushels of sweet potatoes, and other products to match.

This road will control the largest proportion of this vast business, and help to develop it to still greater and more remunerative proportions. And Atlanta will monopolize this trade by a road managed in her own interest. Our people are beginning to learn how railroad discriminations affect our trade. A railroad in our own direction cannot thus discriminate, and can be used to powerfully advance our local interest. The experience of Philadelphia with her Pennsylvania Central, and of Baltimore with her Baltimore and Ohio railways, are cases in point, and illustrate what great thing a can be done for a city by a leading railway in her own interest.

Atlanta must have her Georgia Western Railroad, and she must put enough money into it to control its management as well as secure its early construction.

OBITUARY.

Georgia Radicalism.

Perished
Through its own corruption,
19 M.,
January 12th, 1872,
In Atlanta, Ga.,
In the Representative Chamber of the
General Assembly,
And by the free ballots of the
Virtuous people it outraged,
The detestable body of
GEORGIA RADICALISM.
It
Was aborted
January 30th, 1868,
Of the horrible rape of State sovereignty
By the brutal Bayonet.
It
Lived 3 years, 11 months and 27 days,
A ghastly thing
Of
Cesseless, infinite, Unnameable
VILLAINY.
It
Debauched
THE STATE'S CHIEF MAGISTRACY
Into a hissing term of loathesome scorn
And a glaring byword of ignominious reproach.
It clutched in its leperous grasp
THE STATE'S PURE JUDICIARY,
And bedraggled it
In slime
Until its spotless ermine
Was as black and offensive,
As Radicalism's own adored Africa.
It
Transformed
THE STATE'S GREAT LEGISLATURE
Into a howling
Pandemonium
Of
Indecency and plunder,
An
Unconvicted Penitentiary
Of
Thieves, blackguards and felons,
In which
A few good men
Made the large majority
Of its members
More
Conspicuously infernal
By the tremendous contrast.
Politics
It reduced
To a scientific scheme
Of
POLITICAL HARLOTRY.
Hypocritically
Making a hobby of
Education,
It stole
Every dollar
Of the State Educational Fund.
In the name of
Justice,
It turned loose
The imprisoned convicts
Of the whole broad State,
To recruit its corrupt ranks and create crime,
It ascribed this crime to the virtuous people.
To perpetuate its power
By making such
Purposed disorder
A diabolical pretext
For the overthrow of State government
And the interference of national despotism
To crucify the commonwealth
For the Radical benefit.
It
Made the State
A HELL,
In practice for
Its own certain destination.
It
Pounced
Its ravenous claws
On the State's giant property,
Its great railroad,
With the rapid rapacity of a hungry hyena,
And its plan of gobblement
Will glare
Through the accumulated rottenness of ages
An unequalled model
For all
Big and bold-schemed bandits.
If
It had
A single virtue
Concentrated microscopic partiality
Has failed to find it.
Malice
Knows no crime
It has not committed,
While it
Has enriched
The catalogue of Satan
With its new and devilish devices
Of Evil.
To
The State's honor
Be it eternally said
That it found little State stuff,
Vile enough for its use.
It imported
Its scamps from the moral North,
And the negtra
Of its gorged buzzards home
Under the law's lash,
Leaves
Little of its organism
Save the deluded masses
Of its despised, robbed and ignorant
AFRICANS,
Who rue its rule,
And curse its existence.
It spewed all the good men from its association,
And left them sick, shocked and stranded
On the great rock
Of
A remediless political blunder.
But
We cannot hope
To do it justice.
Words are unequal to the task.
What evil
It did not do
Was not from want of venom
But of physical capacity.
The hottest torture
It will know in the flames
Of its inevitable home
Will be
Its own unappeased malignity,
Its hungry disappointment at unaccomplished crimes.
To sum up its record
It
Has broken every law,
Violated every decency, betrayed every trust,
Injured every interest, hurt every industry,
Wronged every citizen, neglected every duty,
Committed every crime, omitted every virtue.
It has done falehood, theft, hypocrisy,
Slander, perjury, oppression, blashphemy,
Murder, treason, and sacrilage.
Hereafter
Among Shame's penalties,
The most stinging blasonry of Scorn
Will be the mere fact
That a man was
Of It.
Its short career constituted
GEORGIA'S DARK DAYS.
Its downfall
Makes up a joy and a
Blessing
As bright and blissful
As its rule was dark.
And language cannot convey that.
Its epitaph
No time can obliterate
From the hearts of future
As well as present
Generations.
It is this:
CURSES ON ITS MEMORY.

GEORGIA LEGISLATURE

SENATE—AFTERNOON SESSION.

MONDAY, January 15, 1872.

The Senate met at 3 P. M., President Trammell in the Chair.

The House resolution providing for a joint committee to consider the means of reducing the present high rates of freight tariff on railroads, and what legislation shall be had in reference thereto, was taken up.

Mr. Smith moved to refer the resolution to the committee on Internal Improvements. The motion was lost.

Mr. Smith offered an amendment that said committee shall be requested to report at the present session.

The amendment was agreed to.

Mr. Lester was opposed to the resolution because it assures, as a fact, that oppressive rates are now charged, which he did not know to be a fact.

The resolution was concurred in—yeas 17; nays 9.

Messrs. Hinton and Estes were appointed under the resolution.

On motion of Mr. Reese the rules were suspended to take up the House tax bill for 1873.

A message was received from the Governor, transmitting sealed documents and asking their consideration in Executive session. In accordance with which the Senate went into Executive session.

After which bills were read the first time.

Mr. Stenhman—A bill to encourage the manufacture of cotton and woolen fabrics in this State.

Mr. President—A bill to incorporate the Dalton and Southwestern Railroad Company.

Mr. Hillyer—A bill to authorize the Ordinary of Floyd county to subscribe for stock in the Cherokee Georgia and North Alabama Agricultural College, or give such aid as the Grand Jury may recommend.

On motion, the Senate adjourned until 10 o'clock, A. M., to-morrow.

HOUSE—AFTERNOON SESSION.

The House met at 3 P. M.

The following bills were read the first time:

Mr. Hudson—To repeal section second of an act to change the name, etc., of the Southern Central Agricultural Society.

A large number of House bills were read the second time.

Bill by Mr. Heidt—To provide for and enforce a registration of voters for Chatham, Liberty and McIntosh counties was read the first time.

Mr. Russell moved to suspend the rules to take up a resolution providing for the appointment of a committee to investigate certain charges against Dr. Greene, Physician of the Lunatic Asylum.

Mr. Russell said he was not the author of the resolution, but that it was the duty of this General Assembly to investigate the grave charges that have been made against Dr. Greene. The motion to suspend prevailed.

Mr. Simmons, of Hall, the author of the resolution, said that the charges are grave, and that the investigation is due to Dr. Green as well as to the unfortunate inmates.

The resolution was adopted.

A message from the Governor was received saying that the following resolutions had been approved:

A resolution on adjournment.

A resolution providing for the appointment of a committee to investigate the sale of land scrip.

And a resolution to appoint persons to vote the stock of the State in the Albany and Gulf Railroad Company.

On motion the House adjourned until 10 A. M. to-morrow.

The Grading of Streets.

A Bill to be entitled an an Act to amend the charter of the City of Atlanta.

Section 1. Be it enacted, etc., That any person or corporation owning real estate in said city, desiring to improve the same, shall possess the right to have the grade of any street bordering on the same permanently established complying with the following conditions: The owner, his agent or attorney shall make an affidavit, stating the ownership and description of the property, that it is intended to make improvements on the same, either fencing or building or otherwise, that such improvements are to cost above the sum of one hundred dollars, and that he desires to have the grade of such street or streets established.

A copy of such affidavit shall then be served on the city surveyor whose duty it shall be, within thirty days thereafter, to make the necessary survey, and fix the grade of such street and make a plat or profile showing the same, and shall deliver it to the affiant, together with an affidavit of said surveyor, to the effect that the grade agreed and fixed upon the same being filed together with the original affidavit in the office of the Clerk of the superior Court of the county of Fulton for record, the owner shall thereupon have a vested right in such grade, and shall be entitled to recover damages from the city for any injury done to said property, in view of any improvements thereafter made upon the same, should the city thereafter alter the grade, such damages to be ascertained, recovered and paid in the manner in which the laws and ordinances in force at the time may provide for ascertaining, recovering and paying damages done to property in laying out or widening streets.

Section 2. Be it further enacted, That in case there be no City Surveyor, the copy affidavit aforesaid may be served upon the Mayor of the city, with like effect as above provided, and if, within thirty days after service, as aforesaid, either upon the City Surveyor or the Mayor, such survey and plat is not made and delivered to such affiant or left at his place of residence, the owner, his agent or attorney, may cause a plat or profile of the grade as it then exists, to be made by any competent surveyor, which may be extended and filed in like manner and with like effect as provided in the foregoing section; and it shall be the duty of the Clerk of the Superior Court of Fulton county to record such return in the book of deeds of said county when filed in his office under any of the provisions of this bill.

Section 3. Be it further enacted, That nothing in this act contained shall operate to interfere with the control had by the Mayor and Council of said city over the manner in which the City Surveyor shall execute their instructions or the instructions of their committees in regard to the grade of any street, but any failure or dispute which may happen therein shall not operate to delay, hinder, or affect the remedy given by this act to any owner of property seeking to have his grade established as aforesaid.

Section 4. Be it further enacted, etc., That in case the owner of any real estate in said city desires to have the grade fixed as aforesaid, for any reason other than a purpose to make improvements on the same, he shall make his application in writing, not under oath, to the City Surveyor, but need not incorporate any reason therein, upon which all subsequent proceedings shall be the same as above set forth, such written application taking the place provided for in the foregoing sections of this bill. *Provided*, That where the party proceeds by written application not under oath, as aforesaid, the authority of the city shall have six months instead of thirty days in which to make and return the survey as aforesaid.

The Atlanta Lawyers and Judge Hopkins.

Editors Constitution: A petition to the General Assembly is being circulated among the member of the bar of this, the Atlanta Circuit, to the effect that Judge Hopkins shall not be removed from his Judgeship without a hearing. Coming in this shape, it has been universally, perhaps generally signed by the profession, because as an abstract proposition no man can, with propriety, take a contrary position, and it therefore is only entitled to that much weight. If used for any other purpose it will not represent the true feelings and opinions of many who signed. These did not design to ask the Legislature not to remove Judge Hopkins by address, if such was consistent with its sense of duty, nor to express that, as a Judge, he was acceptable or guiltless with all who signed. If the Legislature in its wisdom shall feel warranted in resorting to removal, by means of the address, it was not in ended by the signers of said petition to protest against or object to that method.

If the Legislature, by its constitutional majority, should be satisfied that the removal ought to take place, and the slow, expensive and laborious method of impeachment is impracticable, then let the members use their own discretion, unaffected, by any petition of the kind referred to. Whether the one course or the other is adopted, there will be no condemnation unheard, and, therefore, the petition is superfluous, unless intended to be used as a protest against the exercise of the power of removal by the form of address.

If the true feelings of the bar of the Circuit is to have any weight, let a different way of arriving at it be adopted.

Radical Officials Seeking Reappointment at Governor Smith's Hands.

Editors Constitution: The most astonishing feature in the events that are now transpiring at the Capitol, is the fact that men who were at one time represented to Bullock as being Republicans or very conservative in their political sentiments, and were appointed to office by him, commissioned and recieved all the benefits of a Republican administration, are now handing in their petitions and recommendations asking to be reappointed to some office by a Democratic administration, and they have succeeded in some instances in getting legislators and others, calling themselves Democrats, to recommend them. Can any sound Democrat recommend such men to office? Are not those who do it influenced by personal considerations? And strong appeals are now being made to members of the Legislature in behalf of such individuals, and some of the weaker members of that body have been influenced by those appeals. Gentlemen, you were not sent to Atlanta to encourage those, who, in 1868, boot-licked and fanned around the leading Republicans of the State for recommendations to Bullock for office, and who then sympathized with a Republican administration—shared its benefits, and now declare, as the Democrats have come into power, that they never were anything else but Democrats. I tell you the people will rain fire and brimstone upon the heads of such Representatives. *They demand a cleaning out*, and nothing short of that will satisfy them. The Republicans cleaned out the Democrats, and the treasury of the State with them, and their leader is now a fugitive and a vagabond upon the earth, with the mark of Cain upon him, and where is the honest Democrat that will encourage his aiders and abettors, but we are told that some of those individuals who were appointed to office by Bullock, were good men, that they make excellent Judges and Solicitors, and that the people, at the time of their appointment, rejoiced, because they were alarmed for fear a bad man would be appointed. All of that may be true, and yet there were men just as good and in many instances, better qualified to fill the office, who scorned Bullock's commissions, and would not seek an appointment from him, because they were sound Democrats, and true Georgians, they had rather earn a living by their own effort than to carry the stigma of Radicalism upon their heads; they were in sympathy with the unfortunate and oppressed people of the old Commonwealth, and could not approach a carpet-bagger that was exulting over the misfortunes of our countrymen, and suppliantly ask him for office.

Shall these men who have remained true to the Democratic party and the interest of the State be laid aside and Bullock's Democrats be continued in office? I call them Bullock's Democrats because nearly all of his appointees declare that they are Democrats, and some of them are ready to swear that they never will be anything else. I do not believe it will be done, for I rejoice to know that we have an honest man in the gubernatorial chair—a native Georgian of incorruptible integrity, a sound Democrat of ability who will clean out the Augean stable and drive away the vampires who have been sucking the life-blood of an impoverished people with all who have encouraged them in the work of ruin and plunder and restore the government again into the hands of men who will faithfully enforce the law, protect all alike in person and property and give that security to society that existed during the better days of the republic.

DEMOCRAT.

THE GREAT WESTERN CANAL.

Interesting Letter.

We publish with pleasure the following letter from the Hon. A. G. Butts, formerly Surveyor General of Georgia, addressed to the State Engineer and Superintendent of Public Works. There is no man in the State whose opinion is entitled to greater respect and consideration than the writer of this letter. For many years at the head of the Surveyor General's office, and the author of a correct and admirable map of Georgia, he is well qualified to utter an opinion upon the great enterprise which is already attracting the attention of men of sound judgment and practical business sense, not only in Georgia, but in every part of the country:

MACON, January 10, 1872.

Colonel Hodgson—DEAR SIR: I feel a deep interest in the proposed Atlantic and Great Western Canal.

Georgia is the lap to the sea for this work. It is looked upon to some as a visionary enterprise. They admit that the waters of the river may be used as feeders for the canal, but say that the Ocmulgee river is not constantly a navigable stream.

I was engaged for many years in the navigation, by steam, of the Ocmulgee, from Macon to Savannah and Charleston, and am able to speak from experience. On the first of July, 1865, I commenced building cotton boats, at Macon, to move the cotton to market. (The railroads had been torn up by the Federal army.) I continued to load and sent forward twenty-seven boats upon the lowest stages of the river, during the summer and fall months, from Macon to Darien, without an accident or loss to the insurers. I mention this as a rebuttal against the fallacy that some have urged, that the Ocmulgee river has filled up and is not navigable. I am glad to learn that you will address our citizens upon this subject. Yours, truly,

A. G. BUTTS.

EAST LYNNE.—This beautiful sensational drama received an excellent rendition at the hands of the Templeton Troupe at DeGive's last night. The incidents are highly exciting, while the situations were many in the audience in an enthusiastic manner. As Lady Isabel, and as Madame Vine, Miss Alice Vane is in every other character she plays, is most thoroughly identified herself with these persons carefully adapting herself to the minor points of the play, real by this art, which is so difficult to many actors, but seemingly so natural to her, caused the audience to forget the actress in the assumption, and led them into the belief that they were seeing and listening to the real characters instead of their impersonation. Pre-occupied space prevents a notice of the company. Manager Templeton is fortunate in the possession of a Troupe in which are excellent artistes, whilst are fully capable of affording effective support. The Lion Brothers are trumpy cards, and are eminently satisfactory in their entertainments.

The Troupe left for Athens this morning. May the remainder of manager Templeton be as rich there, as it will be a feast of pleasure to the people of that city.

THE INAUGURAL BALL.

A Bewildering Blaze of Beauty.

The Greatest Social Festivity in Georgia Since Before the War.

A Massive, Gorgeous Entertainment in Honor of the Restoration of Glorious Democratic Rule.

Joy and Glitter, Fashion and Brains, Gayety and Glory.

The Old Time Come Back.

The inaugural Ball given last night, at the Kimball House, was a grand occasion of glorious festivity. It recalled to mind the good old days of Democratic and Whig rule in Milledgeville when the people were wont to flock to the capital from all parts of the State to swell State occasions, and participate in the great and brilliant entertainments of popular inaugurations. Who does not remember them? The inaugural ball then was a fixed part of the ceremonies, and was always a glittering affair, a jolly, magnificent, grand old jam, chock full of the most captivating enjoyability.

But under Radical rule there have been no such things. There was no heart in an oppressed people to rejoice and enjoy, and every cause to grieve and to silently bear odious misgovernment. The inauguration ceremonial was too incongruously surrounded to admit of festivity. The flooding of foreign adventurer and native black made balls a farce, and social enjoyment a harlequin comedy of abhorrent amalgamation. But this ghastly pantomime is over.

The reign of the clown is over. The mongrel dynasty of carpet baglers is dissolved. The trammels of despotism are removed. The ring of vice and ignorance is broken. And with the restoration of peace, virtue, intelligence and law, murdered people express their gratitude in the old channels of joyous and innocent festivity. And, but the rejoicing of a good people is a bright thing, as their grief at misrule is saddening.

At an early hour in the evening the guests began to throng the brilliant corridors of the Kimball House. Its frescoed walls were resplendent in the dazzling flood of gaslight, while the glittering chandeliers sent their millions of diamond sparkles in glowing showers over the gay multitude. The parlors, corridors, arcade, hall and dining rooms swarmed with splendidly dressed lovely women and gallant, elegant gentlemen. The scene was bewildering. It was a perfect panorama of enchantment. The merry ripple of laughter and the light, cheering hum of conversation mingled with the inspiring strains of music, and made the air vocal with life and gayety.

Ladies from all parts of the State were in attendance, in addition to Atlanta's lavish contribution of superbly garbed beauty. Distinguished men from every part of the commonwealth, individuals of national fame, State House officers, judges, legislators, lawyers, editors, business men swelled the vast throng.

Everything was duly announced.

The following were the Committees, every individual of which did his duty:

Committee of Invitation.—Hon. John H. James, Hon. E. F. Hoge, Hon. Claiborne Snead, Hon. O. A. Bacon, Hon. Henry Jackson, Hon. J. F. Pou, Hon. George P. Pierce, Jr., Hon. Isaac Russell.

(Red and White Rosette.)

The admirable arrangement was carried out by which the supper room was kept open during the entire evening, enabling persons to get refreshments when desiring, and as often as they desired, thus preventing the rush and ruin of a stated supper hour, and making the occasion as easy and enjoyable as it was grand and imposing.

But let us look around and single out some of the beautiful belles in their fashionable and attractive habiliments. The mazes of beauty was bewildering. It seemed fairly a dream. There were absolute oceans of it. Wave on wave of the most dazzling female loveliness poured through the rooms. Bright jewels and bright eyes, rosy ribbons and rosier cheeks, snowy dresses and snowier shoulders made a dazzling phantasmagoria of seductive charms.

Augusta furnished a royal contribution to the occasion in a batch of her most famous and charming belles. We noticed the queenly form and beautiful face of Miss [illegible], dressed in an exquisite robe of white [illegible]. She was attended by Miss [illegible], in white silk and diamonds. Mrs. C. matron the ball, in white silk and diamonds. Mrs. Colonel Schley, of the Speaker of the House, was arrayed in black silk and point lace. Mrs. J. J. Cohen, Jr., was as beautiful as Hebe. Mrs. P. L. Cohen, in pink silk. Miss Gardner, hand-some and agreeable, was dressed in pink gros grain and bright smiles. Miss D'Antignac, a pretty blonde, glittered in white silk and pearls. Miss Carey won many admirers by her quiet and graceful manners. Miss Fanny Carey's white and graceful attire attracted much attention. Miss Long was beautifully dressed in white silk.

This completes the magnificent array of Augusta beauties.

And right here the painters accomplish us that the paper went to go to press, and we shall have to finish our account of the great, grand festivity in our evening's issue.

THE LINEN STORE.—Messrs. W. Erskine & Co., Direct Importers and Jobbers, opened this City, last year, what they termed "A Linen Store," making linens a specialty. At first many feared that such an exclusive line would fail. The tact and courtesy of the first, together with the quality of the goods offered by them has develop d a large trade and proved an enlarged success. We invite special attention to their card. Their store is on Whitehall street, next door to Lawshe & Haynes.

COAL AND LIME.—P. H. Loud has opened a Coal and Lime Yard on Marietta street, between DeGive's Opera House and Bell's building. He keeps on hand full supplies of Coal, Lime, and Plastering Hair and materials. Give him a call.

REMOVAL.—United States Commissioner John L. Conley, has removed his office to Brown's Building, Broad street. His office is over the Counting Room of Messrs. Kiddle & Wilson.

EVERY DAY AN INCREASE IN FLESH AND WEIGHT IS SEEN AND FELT.

THE GREAT BLOOD PURIFIER.

Every drop of the SARSAPARILLIAN RESOLVENT communicates through the Blood, Sweat, Urine, and other fluids and juices of the system the vigor of life, for it restores the waste of the body with new and sound material. Changes, and a few days use will prove to any person taking it for either of these forms of disease its potent powers to cure them.

If the patient, daily becoming reduced by the wastes and decomposition that is continually progressing, succeeds in arresting these wastes, and repairs the same with new blood—and this Sarsaparillian Resolvent does so—a cure is certain: for when once this remedy commences its work of purification, and succeeds in diminishing the loss of wastes, the repairs will be rapid, and every day the patient will feel himself growing better and stronger, the food digesting better, appetite improving, and flesh and weight increasing.

JOB PRINTING NEATLY EXECUTED AT THE CONSTITUTION OFFICE

ATLANTA City Hospital.

THE need of a CITY HOSPITAL for Atlanta has long been felt but all efforts heretofore for the establishment of such have failed, our people being too poor to raise the money necessary for such a purpose, and the depleted condition of our State Treasury being such as to render successful legislation in the matter both impracticable and hopeless.

It is, therefore, proposed to appeal to all friends of so benevolent a project, and thus secure nucleus to encourage an increase of the private contributions heretofore promised, which will render the scheme a success; and while the erection of such an institution will be an enduring Monument to the Charitable Liberality of our citizens, it will also be a step forward march in the cause of

ASSOCIATED PRESS DISPATCHES.

SUNDAY'S DISPATCHES.

NEW YORK.

NEW YORK, January 14—The late James Fisk's letters to Josephine Mansfield, which were used against the former in the Stokes suit, are published to-day. They contain nothing of public importance, and make no revelations, as was expected, in regard to Fisk's relations with the ring or in Wall street operations. They show Fisk's character as to good nature as well as weakness, and how completely he was for a time under the dominion of the designing woman whom he did everything to please and enrich. Most of the love letters mention enclosures of checks or money, and all are full of protestations of affection. They indicate that Fisk quarreled with Miss Mansfield because she gave preference to Stokes.

A large fire destroyed two saw mills and a large quantity of lumber. Total loss two hundred and twenty-five thousand dollars. Well insured. The heaviest loser is W. H. Sage & Co., lumber merchants. They lost $125,000. Wm. J. Blodgett and Batterson & Co. about $50,000.

Cotton was active and buoyant during the week, and prices advanced on the small receipts. The sales for the week reached 143,000 bales, of which 125,500 bales were for future delivery, and 175,000 bales on the spot and to arrive. Of the spot cotton exporters took about 5,050 bales; spinners 6,675 bales, and speculators 1,125 bales; receipts all ports were 94,595 against 110,628 last week, 126,939 for the previous week, and 120,013 for three weeks since; total receipts since September 1, 1,957,498 against 1,900,552 for the corresponding period of the previous year; decrease since September 1, this year, 529,054; exports from all ports for the week 82,124 against 98,639 for the same time last year; total exports for the expired portion of the cotton year 831,189 against 1,083,082 for the same time last year; stock at all ports 495,-863 against 549,515 for the same date last year, stocks at interior towns 93,944, against 113,-448 last year; cotton in Liverpool 542,000 against 550,000 last year; amount American afloat for Great Britain 138,000, against 290,-000 last year; Indian cotton afloat for Europe 218,000, against 9,700 last year.

Rain has fallen during the week, and altogether the weather has been more favorable for picking operations, which is now progressing with renewed vigor in many sections.

LOUISIANA.

NEW ORLEANS, January 14—The city is very quiet. All are resting after the week of excitement. But few are on the streets; even about the Mechanics' Institute, only a dozen worn-out looking Metropolitans can be seen. It is probably the calm before the storm.

KENTUCKY.

LOUISVILLE, January 14—Hallock's funeral attracted an immense crowd. Bishop Whipple, of Minnesota, officiated.

VIRGINIA.

RICHMOND, January 14—Bishop McGill, for twenty-five years Bishop of the Virginia diocese, is dead. Aged 62 years.

NEBRASKA.

NORTH PLATTE, January 14—Alexis and party were here yesterday, and started for the camp on Red Willow Creek.

MEXICO.

MATAMORAS, January 14—The latest dispatches say the investment of Mier by Cortina is complete. Four or five hundred revolutionists, under General Quiraigin, have been driven into the Plaza where they are vigorously defending themselves. Cortina's troops being better armed are inflicting severe loss on the insurgents. Quiragin's only chance of escape is through expected succor from Monterey, which is reported en route to raise the siege.

MONDAY'S DISPATCHES.

WASHINGTON, January 15—Mr. O. K. Harris who has been connected with the Patriot, newspaper, as managing editor, since it started, has resigned in consequence of disagreement with the salary in regard to the conduct of the paper.

The Senate galleries are crowded with blacks to hear a speech from Sumner on Civil Rights as a rider to amnesty.

Early action upon amnesty is improbable. Abbott wants action postponed until his contest versus Vance from North Carolina is decided, when Morton will withdraw his retractive amendments.

In the House Butler introduced an amnesty bill, which was referred to the Judiciary Committee.

The Democrats will vote for the Louisiana Investigating Committee, with an amendment to make the investigation searching.

General Emory has been ordered to keep troops out of New Orleans unless ordered from Washington.

NEW YORK.

NEW YORK, January 15—The Tribune publishes a statement from Stokes that the Herald contains unimportant parts of the Fisk-Mansfield correspondence.

The weather is very cold; the thermometer is 6 degrees above zero.

Postmaster H. Smith, of St. Johns, Long Island, was killed by a trap gun which he had set for burglars.

An immense crowd heard Hepworth at Steinway Hall. Rev. F. W. Clarke, denouncing Hepworth, said that three-quarters of the Unitarian clergymen were glad of Hepworth's departure.

A San Domingo letter states that a rumor prevails that Baez has made an overture to England and Italy for a triple alliance for the maintainance of the San Domingo Republic in the event of the failure of negotiations with the United States. Germany declined being a party to the alliance, but England and Italy are willing. Cabral has fled the country.

MY FRIEND, stop that terrible cough, and thus avoid a consumptive's grave, by using Dr. Pierce's Golden Medical Discovery. For curing all throat, bronchial and lung diseases, it has never been equaled. Sold by all druggists.

WHY dealers urge customers to use baking powders which they know must be adulterated, is, because they are purchased for less than Dr. Price's Pure Cream Baking Powder can be made, giving a better profit.

HOUSTON COUNTY, GA., December 22, 1868. Messrs. Zeilin & Co., Macon, Georgia—Gentlemen: Simmons' Liver Regulator has been used in my family many years with great success. I regard it an invaluable family medicine, and take pleasure in recommending it to the public. Very respectfully,
Rev. J. RUFUS FELDER.

THE TRUE HEATER.—DR. PRICE'S BLOOD ENRICHER.—The remedy that promotes vital power, increases the quantity of nervous influence, recuperates exhausted energies, aids nature in restoring, overcoming, and eliminating all diseased materials. If your blood needs purifying or enriching, make use of this remedy at once, and see how direct and permanent the benefits you receive. As a tonic it is durable. All druggists have it for sale, who also sell Dr. Price's Special Flavorings.

RE-ANIMATING THE HAIR.—When the hair ceases to draw from the scalp the natural lubricant which is its sustenance, its vitality is, as it were, baldness, will be the certain result. The one sure method of avoiding such an unpleasant catastrope is to use Lyon's Kathairon, which, when well rubbed into the scalp, will speedily re-animate the hair and prevent it from falling out. Besides that, this inimitable resuscitant and strengthener of the Hair nourishes and stimulates the young and tender fibres, removes all obstacles to their growth in the shape of dandruff and lirt, and ultimately produces a new crop of hair, stronger, glossier, and twice as abundant as the old. As a hair dressing it is notably the most agreeable, refreshing and serviceable article ever placed upon a dressing-table.

ATLANTA, GA., Dec. 14, 1871.

The special committee of the General Assembly of the State of Georgia, appointed under a joint resolution, assented to December 1, 1871, to investigate "the management of the Western and Atlantic Railroad and the management of its finances, with that which goes to show the fraudulent use or embezzlement of any funds or property of the State, or the wrongful conversion thereof to the use of individuals, and by him and for whose benefit it was done," will meet for the purpose of said investigation at the room of the Attorney General in the capitol building, on Wednesday, the 3d of January next. All persons who may be in possession of any facts which may help said committee in the investigation they are required to make, are requested to give notice of the same to the undersigned at the office of Hill & Candler, in James' Building, Whitehall street, in this city.
MILTON A. CANDLER,
Chairman.

THROW IN REINFORCEMENTS.—The Citadel of Life is in a state of siege all through the year, but is never more closely invested than in mid-winter. The liver is usually somewhat torpid, and the bowels more or less constipated at this season, and dyspepsia often assumes its most aggravated form in cold and wet weather. In short, the sluggish system seems inclined to intermit or shirk some of its most important duties under the influence of a low temperature, and requires wholesome stimulation. The spur required is Hostetter's Stomach Bitters, the only medicine which quickens the action of the secretive organs, and brings out the latent vitality of the system, without creating any febrile symptoms, or the slightest nervous excitement.

The great Vegetable Tonic is not recommended as a specific for Coughs, Colds and Consumption—that field being left open to the concocters of preparations which cannot by any possibility reach the lungs; but as a specific for the constitutional and physical weakness which invite pulmonary disease, it is literally infallible. The most insidious and terrible enemy of human life is not disease itself, but the weakness which affords it an opportunity to gain a firm hold of the vital system. Remember that Stamina, Vital Energy—the life-principle, or whatever you may choose to call the resistant power which battles against the causes of disease and death, is the grand safeguard of health. It is the garrison of the human fortress, and when it waxes weak, the true policy is to throw in reinforcements. In other words, when such an emergency occurs, commence a course of Hostetter's Bitters.

Ruptured
Ruptured persons of Atlanta and vicinity, are respectfully notified that certain itinerants have published the principal part of the following Circular, the one issued by Dr. Sherman, when he opened his office in New York, which circular now forms the first page in his book on Rupture. They have left out his name and substituted their own. Their object is to mislead the public by this deception. How far such men can be trusted with their peculative habilities and assumed skill, the reader may judge.
RADICAL CURE
—OF—
ABDOMINAL HERNIA OR RUPTURE,
Without Inconvenience to the Patient or Restriction in Exercise or Diet

DR. J. A. SHERMAN Artistic Surgeon, having devoted his time exclusively to the study and treatment of Abdominal Hernia, in its various forms and stages, in the Southern States, and in the West Indies Islands, respectfully announces to the public that he has opened an office, 697 Broadway, corner 4th Street, where he offers his services, during the business hours of each day, to those who are unfortunately afflicted with this distressing infirmity, in full confidence of his ability to afford them immediate and permanent relief.
During an experience of over Twenty-five years, the greater portion of which period was occupied as principal of the Rupture Curative Institute, New Orleans, Dr. S. has treated several thousand ruptured patients, of both sexes and of all ages, a great number of whom were restored to health and vigor and the enjoyment of the blessings of a sound body.
This unparalleled success spreading throughout the country prompted many ruptured patients to make long and fatiguing journeys from various parts of the United States, Mexico and Cuba, to the New Orleans Institute, with the view of reaping the benefit and experience of Dr. S., in the selection and application of his popular remedies.
The happy result of this acquirement by Dr. S. has been effected by most assiduous study, and an adaptation of one or the other of his ever Patented Inventions—the result of that study—to each case presented, in conjunction with his popular
RUPTURE CURATIVE COMPOUND!
an external application, promoting a speedy and permanent cure, without subjecting the patient to any of the sufferings and injuries resulting from an attempted cure by the rigid and insupportable pressure of a Truss.
So reliable and beneficial is this treatment that the patient, in most instances from the first application, will cease to be annoyed by a return of the rupture, and will be enabled to take the most active exercise on foot or on horseback, with perfect security against the dangers of strangulated Hernia.
Dr. S., in order to arrive at the absolute certainity of the correctness of the peculiar course of treatment Invented and adopted by him views of great attention to the mechanism of the structure involved in the course of Hernia, so that he is now assured, by a large experience, that it is in accordance with the principles of science, and with the most universally acknowledged practice of ARTISTIC SURGERY and he asserts, with the confidence thus inspired, has it will permanently relieve all cases of reducible Hernia, without regard to the age of the patient or the duration of the injury, while it is wholly free from all the cruelty that has characterized the treatment of the malady from the earliest age to the present day. He, therefore, invites the earnest attention of the afflicted and the closest scrutiny of the profession.
OFFICE 697 BROADWAY, CORNER 4TH STREET, N. Y.

DR. SHERMAN having received many Atlanta letters, from persons afflicted with Rupture, who are unable to visit New York treatment, designs to be in Atlanta, professionally prepared to adopt his method of cure to those who may desire it. Due notice of which will be given in the Newspapers.

MR. EDITOR—I deem it due to those afflicted with this terrible and painful disease, to make the following statement: A negro boy about nineteen years of age, had been afflicted with Hernia for the space of three years. The boy belonged to John Coulter, Esq., of Issaquena county. Two physicians examined him and pronounced his case hopeless. As there was a difference of opinion about the mode of treatment, (one suggested the use of the knife, to which the other and myself object ed,) I took him to New Orleans, and obtained Dr. J. A. Sherman's Rupture Curatives, and after having used them about three months, the boy was entirely restored to his health and is now perfectly well. For the last three years he has been busy on the plantation, doing all the work of a field hand, rolling logs, etc., without the least inconvenience. I give this statement voluntarily, for the benefit of those who have this disease and for my gratitude to Dr. Sherman. W. T. MILLS, M. D.
Vicksburg, May 8, 1868.

DR. VALENTINE MOTT'S OPINION OF DR. SHERMAN'S INVENTION.
NEW YORK, September 22, 1856.
DEAR SIR—I have just witnessed the application of Mr. Sherman's Herneal device, and am much pleased with it; indeed I know of nothing so well calculated for the purpose for which it is intended, and I advise you to call on him, and procure one. It will doubtless afford you the relief you have been so long endeavoring to obtain. Mr. Sherman has had much experience and is very skillful in treating Hernia. You will find him at the St. Nicholas Hotel. Yours, etc.,
To James T. Smith, Esq. VALENTINE MOTT.

LETTER FROM THOMAS J. HARPER, M. D., ONE OF THE MOST DISTINGUISHED MEMBERS OF THE MEDICAL FACULTY IN THE STATE OF MISSISSIPPI.
VICKSBURG, MISS., May 7, 1868.
DEAR SIR—I send you my son Jos W. to apply a suitable instrument. He has only been ruptured a short time. We can obtain at every Drug Store Trusses. In them, however, I have but little confidence. But having confidence in your skill and tact in such matters, I send my son to you. Please apply your curatives, and oblige, etc.
To Dr. Sherman, New Orleans. jan10—d&w1m
